

2009 Lunenburg Board of Trade – Liaison report by Margaret Murray

As a Board member I attended monthly meetings and represented heritage and culture, and reported on our various functions.

The LBOT promotes the Town of Lunenburg and assists businesses in community networking among members.

Each year a New Year's Day levee is held at the Visitor Information Centre at Blockhouse Hill which was organized by myself and committee members.

I attended various "after five" functions at local businesses.

Roger Brooks' marketing seminar offering suggestions on beautifying the town was most informative.

I attended the provincial election candidates' forum hosted by the LBOT.

Major projects are the Visitor Information Campground, July Streetfest and Town maps.

Respectfully submitted
