

Newsletter Report.....2009

Two newsletters were produced in 2009...April and December.

In an effort to reduce mailing costs both were sent by email where possible.

Certainly there was a great saving when sending to an American address.

Members are asked on their membership form if they would like to receive the newsletter by email. The more requesting this service the greater the saving to the Society. However there is still a significant number wishing to have hard copy.

Additional copies are sent to interested organizations in Town and to other Museums in the county .

Approximately 150 copies are distributed in one form or another.

The newsletter was first printed in 2002. Over the past 8 years 18 editions have been printed.

At this time I would like to thank the Fisheries Museum for the use of their copier. I do not believe we have been billed any charges for same though we always supplied our own paper.

I would like to thank all the volunteers who over the years hand delivered copies in order to save on postage.

I would also like to thank Judith Carey for her generous support over the past 8 years . Judith did all the layout, graphic and print ready work for the newsletter. She also assisted on most occasions in the photocopying and assembly of the final copy.

The December edition will be my last effort in assembling the newsletter. Thanks to all who have contributed articles when I have asked and thanks to all who commented favourably upon receipt of his/her copy.

Respectfully submitted;

Sue Kelly,
